The Synchro Compact 2 Group High Group Espresso Model

The Synchro Compact 2 Group espresso machine offers one of the largest boiler capacities in its class. Available in 4 colours, black, red, orange and white. The Compact is perfect for mid volume sites where only 13 amp power is available.

- Two stainless steel steam arms and hot water tap
- Manual group overrides
- 8 litre boiler
- Programmable pre infusions
- High group / Take-away
- 3 filter holders
- Dimensions H=557 W=680 D=593
- Power consumption = 2.6kw
- Weight = 52Kg

Optional Extras

All optional extras are available upon request. These will need to be placed on a special order and may take some time to arrive in stock.

- Electronic Display
- Over machine electric cup warmer
- Illuminated backlit panel
- TCI Independent Temperature Control. The Electronic temperature control device controls the water temperature of each separate boiler, for each group. Each group has its own 'personal' boiler allowing different water temperatures to be dispensed out of each group head. It also has a separate steam boiler
- Personalisation available
