The Expobar Monroc 2 Group Control with High Groups

A budget machine by Expobar that is easier on the pocket. The 11.5 litre automatic filling copper boiler still enables high capacity but at a very competitive price. Features include twin E61 group-heads, full electronic control, rotary pump, finished in polished stainless steel.

- Automatic filling boiler
- Highly polished stainless steel finish
- Group auto cleaning
- Programmable electronic switchboard
- Overheat/lack of water indicator
- One Stainless Steel steam arm and hot water tap.
- Manual group overrides.
- Programmable pre infusions
- Only available with high groups
