The Synchro 1 Group High Group Espresso Model

The Synchro 1 Group espresso machine offers one of the largest boiler capacities in its class. Available in 4 colours, black, red, orange and white. This model is perfect for low volume sites where only 13 amp power is available.

- Stainless steel steam arm and hot water tap
- Manual group overrides
- Either 4 or 7 litre boiler
- Programmable pre infusions
- High group / Take-away
- 2 Filter holders
- Dimensions H=557 W=468 D=593
- Power consumption = 2.0/2.6kw
- Weight = 35/40Kg

Optional Extras

All optional extras are available upon request. These will need to be placed on a special order and may take some time to arrive in stock.

- Auto temperature milk steamer
- Over machine electric cup warmer
- Illuminated backlit panel
- Personalisation available
